Air Velocity & Thermal Mass Flow Meters;
Combustion Air Flow Control Systems,
Portable Air Velocity Meters

ABB/ K-Tek Magnetic Liquid Level Indicators; Liquid and Dry Process Media Continuous and Point Levels: Laser, Guided Wave Radar; Magnetostrictive Transmitters; Ultrasonic Transmitters

High quality standard and customized temp sensors including RTDs, Thermocouples, Thermowells & Accessories.

Infrared Thermometers in Single, Dual and Multi Wave Technologies, Calibrations

ROSEMOUNT ANALYTICAL

Process Analytic Division

Combustion: In Situ O2 Transmitters & Analyzers
Liquid: Analyzers, Transmitters & Sensors for Continuous On-Line Measurement of pH, ORP, Conductivity, Chlorine, Dissolved Oxygen, Ozone and Turbidity

Positive Displacement, Mag Meters, Ultrasonic and Turbine Flowmeters

Acoustic Wave Level, Positioning for Solids & Flow Detection, Fiber Optic Sensing, Pressure Transmitters & Sensors

Flow, Level, Interface Switches and Transmitters, Leak Detection, Remote Control & Monitoring Software

Berthold's Process Control division offers reliable non-contacting nuclear level, density, concentration, bulk flow and moisture measurements.

The original inventor of the Bourdon Tube supplies top quality Pressure Gauges, Thermometers, Thermowells, Pressure Switches & Transmitters and Diaphragm Seals

Industrial Flowmeters, Coriolis, Turbines, PDs, Variable Area, NextGen Gear, Ultrasonic & Paddlewheel Meters

Control Valves and Trim, Ball Valves, Actuators, Valve Automation, Regulators, Centrifuges, and Chemical Injection Pumps. CVS valves are interchangeable with the industry's leading brands

Fixed & Portable Gas Detection Solutions

Gas Conditioning & Sample Systems; Dryers, Humidifiers, Coalescers and Scrubbers

High Efficiency Coolers, Heat Pipe or Heat Sink

Online flow/density measurement for transfer, batching, process feed or control

HART Modems & Smart Comms Software to configure & monitor HART instruments

Pressure & Temperature Regulators, Electric, Pneumatic and Fractional Flow Control Valves, Low Flow Valves, High Pressure Regulators, Disc and Pinch Valves, Control Valves

SMART & Economical Pressure, Temp and Flow Control Solutions

Sanitary Pressure Regulators, Control and Ball Valves, Steam Traps, On/off Valves and Clean Gas Distribution Manifolds & Steam Traps

High Quality Ball Valves, Actuation, and High-pressure Metal Seated Control Valves

Precision Air Pressure Regs, I/P & E/P Transducers

Flush Bottom Drain Valves, Diverter Valves, Sample Valves, and Line Blinds
